

# SIX GET OUT OF DRAFT ARMY COURT MARTIAL OPEN SOON

Decision From the District Board Releases Them; 172 More Called at Once.

That the district army exemption board at San Antonio is rapidly clearing its crowded docket is evidenced by the fact that local boards are receiving certifications in large numbers. City board No. 2 received thirty-two applications a week, while the board at San Antonio is clearing its docket. These cases have already been printed in the Herald and their certification is a matter of form, except in those few instances where the decision of the local board is reversed.

C. J. Carlson, Jesus Dominguez, Emory E. Dickson, Jose Duran, Edgemoore Hargis and Douglas A. Dumas, all accepted by the county board and certified for service, were in the category of those who were successful in their appeals to the local board. Decisions reversed. Two of them, Carlson and Hargis, are already at Camp Grant, while the others are charged at once. The former appealed on a physical plea, while the latter claimed dependency.

**Planning Call For 172.** The three local boards are going over their list of certified men and expect to select those to go on Oct. 4 by Tuesday evening or Wednesday. There will be 172 men in all, and they will be called at once. The chairman of the boards are cooperating with major Charles Davis and the city officials in planning to give the men a patriotic send-off. A parade of the same proportions as that which accompanied the last contingent to the depot is being planned.

**Needs More Flags.** City clerk Jack Dawson has purchased swagster sticks for the men who go on this occasion. They are red, white and blue. Mr. Dawson asks that everyone bring a flag for the parade, as the city's supply is rapidly running out. The last departure, most of the parade falling to return the flags given them at the city hall.

**"Alien Enemy," Widow Of J. P. Dieter, Owns Fine El Paso Property**

Mrs. Minnie Richter, formerly Mrs. J. P. Dieter, is the alien referred to and her holdings consist chiefly of the buildings on the corner of 10th and South Stanton streets. ## NUX, IRON, PEPSIN AND SASSAPARILLA

The combination of two great medicines, Hood's Sarsaparilla and Pepsin, by taking them in conjunction one before eating and the other after, brings into co-operation the above-named substances for the blood, nerves and digestive organs. This combination is especially recommended for all cases of indigestion or rheumatic, anemic and nervous, or where the blood is both impure and pale, deficient in iron—conditions of the present day. In cases where a laxative is needed, Hood's Pills should be taken. They work in perfect harmony with Hood's Sarsaparilla and Pepsin, and are mild and efficient.—Adv.

# GOVERNMENT GUARDS WOMAN

She's Masked; Riding in Closed Car; Officer Won't Explain to Public.

El Pasoans who were in the business center of the city Tuesday noon bear a queer with excitement. Shortly after 12 o'clock when a platoon of K troops, seventh cavalry, marched through the streets of the city closely guarding with drawn sabers a woman in which a masked woman was riding.

As the platoon swept through the city the woman eagerly looked out the windows of the machine but kept her black mask closely over her face. Persons seeing the strange cavalcade crowded the streets. The mystery deepened when the officer saluted and halted his platoon on San Francisco street near Longwell's garage and ordered his men to dismount.

**Refused To Tell Who.**  
A volley of questions were fired by the throng at the commanding officer, who declined to make any explanation as to who the mysterious woman was. "Who was she?"

She was a woman of mystery who will stay in the Red Cross Festival of the Allies as a singer.

**Stays To Crowd.**  
Then the platoon moved eastward to Pioneer plaza where the "mystery woman" left her machine and approached the Red Cross building introduced by Zach L. Cobb.

A bugler from the platoon signaled the beginning of the entertainment and the time the "mystery woman" started her song there were 2500 people in the square.
